| College (Computing and Digital Med… | 4.42 |

## Open Ended Feedback By Question

**What aspects of this course were most beneficial to you?**

| Comments |
|---|
| Surveying different programming languages and their concepts is a great way to become agile and pick up new languages, so I found this course to be very helpful. |
| worksheets |
| Assignments and worksheets |
| the worksheets and homework. |
| Online video content |

## What suggestions do you have that could help improve the course?

| Comments |
|---|
| I would probably add practice problems that better resemble the material presented on exams. I felt like there was somewhat of a disconnect between the exams and the worksheets/assignments. |
| More examples to be worked over in video lectures. |
| I'm not sure where I stand in the class with regards to grades. |

## What are the major strengths and weaknesses of the instructor?

| Comments |
|---|
| I thought Prof Riely did a great job presenting the material, despite the restrictive remote nature of this quarter's classes. I do think it would have been helpful if he had added supplementary practice problems that helped us prepare for exams. |
| Clear explanations, good range of knowledge about different tools, techniques, and technologies related to the material and in the industry in general. |
| Excellent content delivery |

## Do you have comments on the grading procedures and exams?

| Comments |
|---|
| N/A |

## Open Ended Feedback by Student
